

Awnings are great if you require maximum protection and modern design with little maintenance.

**HORIZON Folding Arm Awnings** are perfect for overhead sun protection, minimising harmful UV rays and maximising heat reduction.

An elegant monoblock awning engineered using European technology and styling with high quality aluminium and stainless-steel components. Horizon folding arm awnings have an attractive warranty and are built tough.

An aluminium hood can also be included for a streamlined protected finish. Easily operated by a gearbox with handle or automated with the press of a button. When automated, a wind or motion sensor can be added to retract the awning in windy conditions.

**Docril Fabric:** *Designed and manufactured in Spain and known for its superb quality with an extensive colour palette. Docril offers an impressive selection of 132 vibrant colours to suit any décor and comes with a 10-year UV warranty.*
