

Fetuna and Integral Cassette Awnings

Often it is confusing to know which type of Awning to choose. We can help guide you through this process and ensure you get the result you are wanting to achieve. However, you may find this sheet helps answer some of your questions in regards to our Cassette Awnings – Fetuna verse Integral.

Cassette awnings are great if you require maximum protection and modern design with little maintenance. They can be retracted when not in use ensuring the canvas and folding arms are completely concealed and not compromised by the elements.

Docril fabric is designed and manufactured in Spain and known for it's superb quality with an extensive colour palette. Docril offers an impressive selection of 132 vibrant colours to suit any décor and comes with a 10-year UV warranty.

Integral Cassette Awnings:

- The mounting brackets can only be mounted at each end of the Awning
- This Awning is available in white only
- The maximum size is 5m wide x 4m projection
- This Awning can be soffit mounted with no extra flashings required
- Is a cheaper option for those with a limited budget who still prefer a cassette type Awning

Fetuna Cassette Awnings:

- Multiple mounting brackets along the length of the Awning (to match timber house construction)
- Rear square bar for extra strength and stability
- The maximum size is 7m wide x 3.5m projection
- The outer case can be powder coated any colour – frame – silver, white & charcoal. Custom colours available at an additional charge
