

MAKING SHADE

Shademaker Awning

& Accessories

Shademaker™ Awnings are designed to be strong and wind resistant making them ideal for Motorhomes, Campervans, Buses and Caravans. They have no poles, giving you full head clearance. There is also the option of a full enclosure giving you an extra room with windows and a door.

We manufacture everything in-house which allows us to give you the flexibility to be able to offer you a customised Awning unique to your vehicle. You can choose the length and the projection the awning comes out from your vehicle. Not only that but the choice of colours for the powder-coated finish and fabric are yours too!

- Designed, manufactured and installed by us in Tauranga, NZ to ensure highest quality
- Up to 6m length
- Easy single person operation to open and close in seconds
- Made from powder coated aluminium with stainless steel components
- No poles, giving you free head clearance
- Option to be partially or fully enclosed to create an extra room
- Windbreaks can be added on any side
- Custom made to fit your van
- Acrylic Canvas fabric breathes, long lasting, UV resistant
- Your choice of fabric and powder-coating colours
